OUR INSTITUTE

Tender Buzz is founded by the trust Dithee Pratisthan, an organization dedicated to the cause of environment-education. This trust comprises a group of like-minded teachers belonging to the field of humanities and technical education. They have 20+ years of teaching and administrative experience in higher education and research. The trust is mobilized by seasoned academicians and practitioners belonging to different areas such as English, Hindi, History, Geography, Electronics and Telecommunication, Science and Technology, Healthcare and so on. They are the ones who envision new and powerful India by educating the buzzing and budding tender minds with never-before concepts, methodology and practices in preschool education.

The trust instituted **Tender Buzz Preschool** aiming to open new avenues in pre-primary education keeping in mind the needs of 21st century and of rising India. The School aims to tackle challenges posed by the recurrent changing world with a numerous measures. It is concerned to cater that kind of education which keeps pace with the changing world and the glocal (global+local) needs and opportunities.

OUR PEOPLE

We have fully qualified and experienced teaching staff which meets all the requirements of a 21st century school. The support staff too is skilled having good experience in the field.

VISION

To create a strong foundation of joyful, child-centric, all-inclusive life-long learning.

MISSION

To attain children's all-round development by promoting a safe, nurturing and enabling learning environment.

AIM

To build up a firm bedrock for far-reaching progress of children for their lifetime.

To prepare children for primary school.

ADMISSIONS

The Procedure

Admissions are given on the first-come-first served basis to all the classes. The parents need to visit the school along with their child to whom admission is to be given.

FACILITIES

Child-centric and Cosy Infrastructure

We believe that our school is your child's another home offering warmth and coziness. We have made every attempt to make our school more homely to your tender ones with the help of child-centric infrastructure. It includes fully ventilated classrooms, play-spaces with ample natural light. We have taken every care to provide safe, neat and clean sanitation. With all these facilities and infrastructure, we intend to make our premises more child-friendly and homely. We have all modern equipments and support facilities that are must in schools nowadays.

CCTV Surveillance

We have 24×7 CCTV surveillance to ensure students' safety.

We incorporate in our teaching-learning whatever best is available in the field of child education globally. The excellent pedagogy and teaching aids are at the heart of our curriculum.

There are so many reasons why we are distinct in the field of early child-education. Here are few features as follows which show our thrust areas:

- Creating opportunities for children to investigate, explore and develop an understanding of their immediate and wider environment- human, social and cultural.
- Focus on a child's physical, emotional and mental health and well-being.
- Bringing the entire world to school to have children its experience.
- Endeavouring not only to educate children but to make them wise.
- Discovering human being hidden in a child with the help of didactic material.
- Making every attempt to tap a child's sensitive period (from age 0 to 6) to make him/her a complete human being.
- Providing optimal stimulus to the child's brain to mould his/her behaviour, thoughts and learning.
- An emotionally supportive and enabling environment to let your child feel free to explore, express and learn.
- Creating a schooling environment which leads to better nutrition, health and education.
- Offering unique activities/programs to children for experiential learning which include innovative study tours, exhibitions, displays, interviews with different professionals, etc.
- Play based activities for creating financial literacy.
- Sensitizing children to the eco-friendly living measures for sustainable development.
- Avoiding lop-sided development of a single language and making the little ones proficient multilingually.

Why Tender Buzz

Our Curriculum

The CBSE Curriculum

We follow the CBSE curriculum which is framed as per the New Education Policy 2020. As per this NEP, Early Childhood Care and Education (ECCE) serve to be a precursor to school education.

Domains of the Curriculum

The ECCE aim at attaining optimal outcomes in the following domains:

In addition to the-cited curriculum, our school has prepared customized set of learning material to ensure developmentally appropriate, indigenous, play and activity balanced course content.

We offer interactive teaching to enhance learning experience. The nature of this interaction is: child-child, child-teacher and child-material.

School-Parent Coordination

We believe that parents are one of the main stakeholders in this process of child education and care. Though we are your child's parents at the school, you parents are the child's best teachers at your home. So, we engage parents in the conduction of school activities, competitions, events and so on. Our aim is to let parents participate in the overall grooming of their child. We would always hear from you if there are any inputs for making teaching-learning more productive.

Parents as Honorary Teachers

This idea is for those parents who wish to join our hands to get associated with the school as honorary teaching faculty. This unique idea will help cementing students and parents' bond with our school resulting in a better learning environment.

Services

Teaching of Foreign languages (French, German, Japanese)

Courses in Handwriting (Marathi, English)

Our Inspiration

We are inspired by the works of educators and pedagogues around the world. Some of them include: Johann Heinrich Pestalozzi, Friedrich Fröbel, Achille De Giovanni, Cesare Lombroso, Giuseppe Sergi, Maria Montessori, J Krishnamurti, Gijubhai Badheka, Tarabai Modak, Anutai Wagh, Mr. Ramesh Panse, Renu Dandekar, Lila Patil, Suchita Padalkar. This inspiration includes the nature of pedagogy we have adopted in our school as well as the teaching-learning material we use. Moreover, our teachers get proper training from some of above experts for keeping updated in the field of preschool education.
